Neal Gerber Eisenberg Commits to the Mansfield Certification Process

Neal Gerber Eisenberg is proud to again commit to the Mansfield Certification for the 2024 – 2025 season.

Mansfield Certification, an initiative from Diversity Lab, measures the structural steps we have taken to enhance inclusivity at our firm and increase diversity in leadership.

We are proud that Diversity Lab recognized that NGE is among the firms that are “True Trailblazers.” We look forward to continued participation in this initiative, and to confirmation that our advancement processes are transparent, written and accessible, and that we consider broad slates of talent for internal leadership roles.
