### NGE Represents Bucksbaum Family in \$25M Donation to Art Institute Chicago

NGE represented the Bucksbaum family, a long-time firm client, in its recent \$25 million pledge to the Art Institute of Chicago. The donation supports the museum's photography and media department and creates the Bucksbaum Photography Center, which will house the department and its collection. The donation is the Art Institute's largest philanthropic contribution to the photography and media department.

The NGE team was led by partners Marshall Eisenberg and Earl Melamed.
