Alfred Tam Quoted on AI Regulation in 2024 in *LegalTech News* Article

Alfred Tam, partner in the Intellectual Property group and member of the Cybersecurity and Data Privacy team, was quoted in the *LegalTech News* article "Legal Tech's Predictions for the Regulation of AI and Technology in 2024." The article looks ahead at 2024 as a landmark year for AI regulation, marked by increased attention to individual privacy rights and a potential shift towards more proactive state-level legislation. Alfred highlights the significant role federal agencies are expected to play in guiding and enforcing privacy protections in the realm of AI.
